ARRIVAL IN FRANCE OF DAZN IN PRIVILEGED PARTNERSHIP WITH CANAL+

CANAL+ Group announces the arrival in France of the DAZN sports service in its sports offers from August 12, 2023, as well as the distribution of the CANAL+ Ligue 1 channel in the DAZN application.

From now on, and at no additional cost for CANAL+ subscribers, DAZN is included in the following CANAL+ packages: Sport+ pack, CANAL+ SPORT, FRIENDS & FAMILY, INTEGRALE, INTEGRALE+. Thanks to this privileged partnership, CANAL+ subscribers' offer will be enriched with women's football competitions - UEFA Women's Champions League, La Liga, Bundesliga, American championship NWSL, Jupiler Pro League -, as well as combat sports.

In addition to that, the DAZN application will broadcast the CANAL+ Ligue 1 channel. DAZN subscribers will thereby enjoy the same Ligue 1 Uber Eats matches as the ones broadcast on CANAL+.

In France, DAZN 1 is DAZN's first channel, offering subscribers the best of women's football, boxing, and combat sports, as well as daily shows and award-winning documentaries.

DAZN is now accessible from myCANAL live or channel 19. This sports service was created in 2015 in England.

With this partnership, CANAL+ Group consolidates its position as a major player in sport in Europe, by continuing to support the rise of women's football and by intensively diversifying its combat sports offer.
