MultiChoice's FY 2025 means Financial Year ended 31 March 2025

MultiChoice's financial years ended on 31 March; going forward it will align with the CANAL+ calendar year-end on 31 December

MultiChoice's financials have been converted from ZAR to € using a sole FX rate of 19,90ZAR/€ to neutralize ZAR/€ exchange rate evolution

→ **RETURN TO GROWTH**

- *Reinvest in subscriber acquisition to capture growth opportunity in underpenetrated African pay-tv market*
- *Offset higher subscriber acquisition cost through synergies and granular focus on optimal distribution*
- *Set ambitious growth targets and incentivise teams accordingly (i.e. "no small market" philosophy for the continent)*
- *Enhance customer value proposition : Strengthen content line-up through sharing of content across platforms and leverage marketing best practices*

→ **LEVERAGE COST OPTIMISATION**

- *Reset cost base for a sustainable and profitable pay-TV business (as opposed to prior cost savings aimed solely at ST profitability)*
- *Leverage best practice across operations*

→ **DRIVE SYNERGIES**

- *Deliver meaningful cost synergies; initial focus on content and technology costs (large costs, global scale)*
- *Develop and implement plans to drive meaningful incremental revenues (revenue synergies)*

GLOSSARY

The non-GAAP measures defined below should be considered in addition to, and not as a substitute for, other GAAP measures of operating and financial performance. CANAL+ and MCG considers these to be relevant indicators of the group's operating and financial performance. Moreover, it should be noted that other companies may have different definitions and calculations for these indicators that differ from those used by CANAL+, thereby affecting comparability.

EBITDA covenants	EBITDA covenants refers to the earnings before interest and income taxes (EBIT) of the Group as reported in the consolidated financial statements, adding back :i) amortization and depreciation of intangible assets and property and equipment, ii) impairment loss, and iii) proceeds from sales of property, plant, equipment and intangible assets, and deducting: repayment of lease liabilities and related interest expenses
Adjusted EBIT (EBITA) before exceptional items	Adjusted EBIT (EBITA) before exceptional items enables the Group to compare the performance of operating segments regardless of whether their performance is driven by the operating segment's organic growth or by acquisitions. To calculate Adjusted EBIT (EBITA) before exceptional items, the accounting impact of the following items is excluded from Operating income (EBIT): (i) the amortisation of intangible assets acquired through business combinations as well as of other rights catalogues acquired; (ii) impairment of goodwill, other intangibles acquired through business combinations and other rights catalogues acquired; and (iii) exceptional items. Exceptional items are items of financial performance which have been determined by management as being material by their size or incidence and not relevant to an understanding of the group's underlying business performance. Exceptional items for the current and prior year include restructuring costs and certain provision for contingencies.
Trading profit	Multichoice Group considers Trading Profit as an alternative performance measure, to be a relevant measure to assess the Group's operating and financial performance. Trading Profit is calculated as the sum of Interest on transponder leases, Amortisation of intangibles (other than software), Other operating gains/(losses) and Equity-settled share-based compensation
Cash flow from operations (CFFO)	The Group considers cash flow from operations ("CFFO"), an alternative performance measure, to be a relevant measure to assess the Group's operating and financial performance. CFFO is calculated as the sum of net cash provided by operating activities before income tax paid, as presented in the combined statement of cash flows, dividends received from equity affiliates and unconsolidated companies, as well as cash payments for the principal of lease liabilities and related interest expenses, which are presented as financing activities in the combined statement of cash flows. It also includes cash used for capital expenditures, net of proceeds from sales of property and equipment, and intangible assets, which are presented as investing activities in the combined statement of cash flows.
Free Cash flow (FCF)	Free Cash Flow ("FCF") (formerly Cash Flow From Operations After Interests and Taxes (CFAIT) is calculated as the sum of: (i) net cash provided by operating activities, as presented in the consolidated statement of cash flows, (ii) dividends received from equity affiliates and unconsolidated companies, (iii) cash payments for the principal of lease liabilities and related interest expenses and (iv) interest paid and other cash items related to financial activities that are presented as financing activities in the consolidated statement of cash flows. It also includes cash used for capital expenditures, net of proceeds from sales of property and equipment, and intangible assets that are presented as investing activities in the consolidated statement of cash flows
Financial Gross Debt	Gross debt refers to the sum of borrowing at amortized costs as reported in the consolidated financial statements (it excludes commitments to purchase non-controlling interests, Derivative financial instruments and Leases liabilities).
Financial Net Debt	Financial net debt (or Net Cash Position) is calculated by adding together (i) cash and cash equivalents, as reported in the consolidated statement of financial position (ii) less the value of borrowings at amortised cost
Net Debt covenants	Net debt (or net cash) covenants is calculated by adding together (i) cash and cash equivalents, as reported in the consolidated statement of financial position (ii) less Gross debt covenants. Gross debt covenants equals Financial Gross debt plus commitments to purchase non-controlling interests and derivative financial instruments as reported in the financial statements.
Like-for-Like (LFL)	Like-for-like (LFL) comparisons are calculated as follows: current year, constant currency actual results (which include acquisitions from the relevant date of completion) are compared with prior year, constant currency actual results from continuing operations, adjusted to include the results of acquisitions and disposals for the commensurate period in the prior year.
Direct to Home (DTH)	TV broadcasting services delivered via satellite directly to viewers' homes, typically using a set-top box.
Digital Terrestrial Television (DTT)	TV broadcasting technology using groundbased antennas to deliver digital content.
Direct to Consumer (DtoC)	Self-distributed Consumer.
Over-The-Top (OTT)	Media services delivered directly to viewers via internet.

DISCLAIMER

This document (together with any oral or supplemental information provided in connection therewith, the "Presentation") has been prepared by CANAL+ SA ("Canal") for information purposes only and is available on its website (<https://www.canalplusgroup.com/en>).

This Presentation includes only summary information and does not purport to be comprehensive. The information contained in this Presentation has not been independently verified. No representation or warranty, expressed or implied, is made as to the fact that the entire information within this Presentation has been subjected to a full independent review, and no reliance should be placed upon the fairness, accuracy, completeness or correctness of the information or opinions contained herein. Nothing contained herein is, or shall be relied upon as, a representation, whether as to the past, the present or the future.

Unless otherwise specified, the sources for the business rankings and market positions are internal. The information in this Presentation relating to parties other than Canal or its group or taken from external sources has not been subjected to independent verification.

This Presentation includes selected unaudited key performance indicators for the fiscal year ended 31 December 2024 and for the half-year periods ended on 30 June 2024 and on 30 June 2025, presented for the combined Group as if the acquisition of MultiChoice Group ("MCG") had taken place on 1 January 2024 (the "Combined KPIs"). The Combined KPIs for the fiscal year ended 31 December 2024 have been prepared on the basis of the audited consolidated financial statements of Canal as of 31 December 2024 and the MCG 2024 unaudited management reporting as at and for the year ended 31 December 2024. The Combined KPIs for the half-year periods ended on 30 June 2024 and 30 June 2025 have been prepared on the basis of the unaudited consolidated financial statements of Canal for the half-year periods ended on 30 June 2024 and on 30 June 2025 and the MCG unaudited management reporting for the half-year periods ended on 30 June 2024 and on 30 June 2025. In addition, any estimates and projections contained herein have been prepared or adopted by the management of Canal or are based upon such estimates and projections, and involve numerous and significant subjective determinations, and there is no assurance that such estimates and projections will be realized.

None of Canal or its affiliates, directors, advisers, dealers or representatives or any other person, shall have any liability whatsoever (in negligence or otherwise) in connection with any use of this Presentation or its contents (including any estimates and projections, or the basis on which they were prepared) or otherwise arising in connection with this Presentation.

This Presentation is based upon information available, and financial and other conditions and circumstances existing as of the date hereof. Canal does not undertake to update or otherwise revise or reaffirm this Presentation based on circumstances, developments or events occurring after the date hereof. Nothing contained herein shall be construed as legal, tax or accounting advice.

Certain information in this Presentation, are, or may be deemed to be "forward-looking statements", including, but not limited to, the acceleration of Canal's growth and the value-additive nature of the acquisition of MCG. The words "anticipates", "expects", "believes", "intends", "estimates", "plans", "projects", "may", "would", "will", "should", "continue", or the negative of these terms and similar expressions are intended to identify forward-looking statements. Such forward looking statements are prospective in nature and are not based on historical facts, but rather on current expectations and on numerous assumptions regarding the business strategies and the environment in which Canal, any member of the Canal Group (including MCG and its subsidiaries) shall operate in the future and are subject to risks and uncertainties that could cause actual results to differ materially from those expressed or implied by those statements. The forward looking statements contained in this Presentation relate to Canal and any member of the Canal Group's (including MCG and its subsidiaries) future prospects, developments and business strategies and other statements other than historical facts. There are a number of factors that could cause actual results and developments to differ materially from those expressed or implied by such forward looking statements. These include, but are not limited to (i) the general economic, business, political, regulatory and social conditions in the key markets in which the Group operates, (ii) a significant event impacting Canal's liquidity or ability to operate and deliver effectively in any area or its business, (iii) significant change in regulation or legislation, (iv) a significant change in demand for global content and (v) a material change in the Group's strategy to respond to these and other factors. For a discussion in more detail of some of these risks factors, please refer, without limitations, to the risks identified in the 2024 Canal Annual Report (https://www.canalplusgroup.com/uploads/CANAL_Annual_Report_2024_EN_11e2ae2255.pdf) available on Canal's website (<https://www.canalplusgroup.com/en>). In addition, the risks to which MCG's business is subject, including those risks described in the annual report for the year ended 31 March 2025 of MCG (https://multichoice-reports.co.za/group-iar-2025/documents/MultiChoice_Integrated_Report_2025_Interactive.pdf) available on MCG's website (<https://www.multichoice.com/>), could adversely affect Canal's operations and future prospects. New risks and uncertainties emerge from time to time, and it is not possible for Canal to predict or assess the impact of every factor that may cause actual results to differ from those contained in any forward-looking statements.

Specifically, statements of estimated cost savings and synergies relate to future actions and circumstances which, by their nature involve, risks, uncertainties and contingencies. As a result, the cost savings and synergies referred to may not be achieved, may be achieved later or sooner than estimated, or those achieved could be materially different from those estimated. As a result, and given the fact that the changes relate to the future, the resulting cost synergies may be materially greater or less than those estimated.

Past performance is not a reliable indicator of future results and should not be relied upon for any reason.

The anticipated financial impact of the acquisition of MCG and any references to future financial performance should not be viewed as management guidance. Actual results may differ from the statements set forth herein and such differences may be material.

Although Canal's management believes that the expectations reflected in such forward-looking statements are reasonable, investors are cautioned that forward looking information and statements are subject to various risks and uncertainties (because they relate to events and depend on circumstances that may or may not occur in the future), many of which are difficult to predict and generally beyond the control of Canal, that could cause actual results and developments to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. These forward-looking statements reflect only the judgment of Canal's management at the date of this Presentation and are not intended to give any assurances or comfort as to future results. Other than as required by applicable law, Canal expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement contained herein to reflect any change in Canal's expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.

Financial figures are rounded to the nearest billion, million, or thousand, hence small differences may result in the totals.

(a) : from the unaudited consolidated financial statements of Canal+ as at, and for the half years ended, 30 June 2024 and 2025

(b) : from unaudited management reporting of MCG as at, and for the half year ended, 30 June 2024 and 2025. Subscribers exclude double-counted subscribers (English add-on)

(c) : elimination of inter-companies revenues

(d) : EBITDA covenants refers to the earnings before interest and income taxes (EBIT) of the Group as reported in the consolidated financial statements, adding back :i) amortization and depreciation of intangible assets and property and equipment, ii) impairment loss, and iii) proceeds from sales of property, plant, equipment and intangible assets, and deducting: repayment of lease liabilities and related interest expenses

(e) : Adjusted EBIT (EBITa) before exceptional items, Cash Flow From Operations (CFFO) and Free Cash Flows are non-GAPP measures the group considers to be relevant indicators for its operating and financial performance. See Glossary

(f) : See Canal+ Annual Report 2024 (page 39) for exceptionnal items definition

(g) : Gross debt refers to the sum of borrowing at amortized costs as reported in the consolidated financial statements (it excludes commitments to purchase non-controlling interests, Derivative financial instruments and Leases liabilities). Financial net debt (or Net Cash Position) is calculated by adding together (i) cash and cash equivalents, as reported in the consolidated statement of financial position (ii) less the value of borrowings at amortised cost

(h) : Gross debt covenants equals Gross debt plus commitments to purchase non-controlling interests and derivative financial instruments as reported in the financial statements. Net debt (or net cash) covenants is calculated by adding together (i) cash and cash equivalents, as reported in the consolidated statement of financial position (ii) less Gross debt covenants
